In re Patent No. 7,476,511
Issue Date: October 23, 2007
Application No. 10/761,150
Filed: January 20, 2004
Attorney Docket No. 1379-1-022

ON PETITION

This is a decision on the petition filed March 16, 2009, which is being treated as a petition under 37 CFR 3.81(b) to correct the name of the assignee on the front page of the above-identified patent by way of a certificate of correction.

The petition is **DISMISSED**.

Petitioner requests to correct the assignee's name by way of a certificate of correction in the name of "Consejo Superior De Investigaciones Cientificas".

Petitioner has stated in the instant petition that the mistake is the Office's fault. However, the assignment data printed on the patent is based solely on the information so supplied on the Issue Fee Transmittal form (PTOL-85(b) item 3. **See MPEP § 307.** In this instance the assignee data on the Issue Fee Transmittal form (PTOL-85(b)) differs from that in the assignment as recorded on June 23, 2004, Reel 015491 and Frame 0893. As the assignee information on the patent corresponds to that on the Issue Fee Transmittal form (PTOL-85(b)), the error is not the Office fault, as alleged in the instant petition. As petitioner has failed to comply with the provisions of 37 CFR 3.81(b), the request cannot be granted at this time.

Petitioner should note in order to have the desired assignee data included by way of a certificate of correction, the procedure set forth in 37 CFR 3.81(b) should be followed.

37 CFR 3.81(b), effective June 25, 2004, reads:

After payment of the issue fee: Any request for issuance of an application in the name of the assignee submitted after the date of payment of the issue fee, and any request for a patent to be corrected
